

PLANIX 10S

Stylish!

*Your best choice for
measuring area and line.*

Compact, handy, and great look.
PLANIX 10S has made a comeback
with new plotting feature.

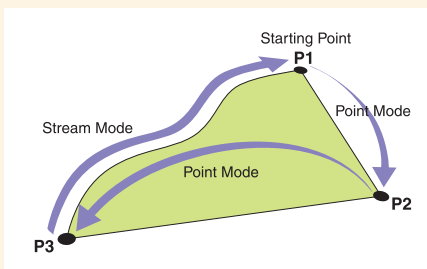

All plotting can be done with one hand.

Switching by lines

Point/Stream(continuous) mode key allows conversion between point mode measurement for plotting points on straight lines and stream mode for tracing curves on curved lines.

Key Operation

At P1

Press **PLOT** Key. Move the tracing point to P2.
 You do not need to trace a precise line from P1 to P2.

At P2

Press **PLOT** key. Move the tracing point to P3.
 You do not need to trace a precise line from P2 to P3.

At P3

Press **POINT/STREAM** key to change to stream mode. Tracing along to curved line to P1. It shows measurement result automatically.

More Compact and Light Weight

The weight is only 630g and the compact design makes easier measurement.

More colorful measurement

3 colors, Metallic Grey, Pastel Blue, Pastel Red

Total and Average as you go

By measuring the same diagram a more number of times, a more accurate average or cumulative measurement for large scale diagrams can easily be carried out with these special keys.

Measurement of Reduced/Enlarged scale and the vertical scale with different horizontal scale

"marble" can also measure area of a scaled plan. The resulting measurement will be the dimensions of the object measured.

Auto-close function

Automatically finishes measuring when it is returned to the starting point during measurement.

Specifications

Measuring Function : Area, Line, Side Length(s)

Measuring Scale : mm, cm, m, km, in, ft, acre/yd

Measuring Range : 300mm × 10m

Measuring Accuracy :

± 0.1%(100 × 100mm area measurement)

Display : LCD 16 digits on 2 lines

Minimum Line Reading : 0.05mm

Power : Internal nickel metal hydride battery or AC Charger/Adaptor

Battery Life : 20 hours use

Charging Time : 15 hours

Accessories : Storage Case, AC Charger/Adaptor

Dimensions : 250(L) × 110(W) × 40(H)mm

Weight : 630g.(without case)

* Specifications subject to change without notice.
